b. Website

Susan and Robin attended a Streamline webinar on Website Accessibility Training for Colorado Special Districts. Susan shared some of the webinar's 10 steps to achieve and maintain compliance. Reminders for the District to approve a website accessibility policy, designate someone to assist with accessibility issues, create a process for community concerns, enable closed captions on videos, scan the website monthly through Streamline, and check all attachments. Streamline was contacted and they verified that they would assist with some of these tasks. It was noted that Colorado ADA website compliance with HB21-1110 and 8 CCR 1501-11 deadline is July 1, 2024. The Board discussed additional ADA website compliance issues as well as some website needs for the Board pages including elections and pensions.

Robin mentioned that the website is the connection with the community and that there were some items that needed to be addressed. Some of these items have been mentioned by community members. She suggested a website committee act in an advisory capacity to provide feedback and help ensure that the website information was correct and user friendly. Chief Rau has plans to work on the website after the Strategic Plan is completed and does not see the need for an advisory committee at this time.

c. Review Past Tasks

Chair Robin Lauric looked over the past year's minutes to ensure that unfinished business and tasks were addressed. The Chair requested acknowledgment of the following unfinished items:

Maps: Discussion occurred regarding the Board looking into map overlays to identify such things as water sources. Chief Rau said he did not see the need for the Board's continued assistance with maps as this falls under operations.

Recruitment and the Safer Grant: Discussion occurred regarding the Board assisting with recruitment ideas and the Safer Grant. Chief Rau said that the Department was forming a recruitment committee.

Beaver Meadows meeting with the Fire Department: Past Board President Hass had met with the new owners of Beaver Meadows and was going to arrange a meeting with the Department. It was acknowledged that a meeting with the new owners of Beaver Meadows and the Fire Department had taken place.

XII New Business:

a. Roberts Rules - Acknowledging Reports

Chair Robin Lauric mentioned that the article, *Don't vote to accept, adopt, approve or receive reports*, strongly suggests that reports, especially treasurer reports be "received for filing" or if of great importance "entered in the minutes" in lieu of being approved through a motion. The Board requested more time to read the article and Anne suggested adding this to the next Study Session.

b. Filing Locations

The Board sought clarification of filings and postings using e-portals with entities such as DOLA/DLG, Clerk of the Court, County Clerk & Recorder, etc. Robin will research the entities and check where the Board needs to have representation.
